**Naugatuck, CT January 10, 2018** – The Borough of Naugatuck has received a \$100,000 grant through the Naugatuck Valley Council of Governments (NVCOG) Brownfields Revolving Fund (RLF). The NVCOG RLF is financed by the U.S. Environmental Protection Agency. Remediation is proposed at 6 Rubber Avenue parcels A&B in Naugatuck. The Borough intends to remediate the first floor of the former General Datacomm building for use as an open convention space for pop-up events in the Borough.

The Licensed Environmental Professional (LEP) engaged for the project, Tim Carr of Nobis Engineering, has developed a draft Analysis of Brownfield Cleanup Alternatives (ABCA) and draft Community Relations Plan (CRP). The draft documents are available for public review and written comment online at: <http://nvcogct.org/news/nvcog-publishes-draft-documents-epa-revolving-loan-fund-remediation-6-rubber-ave-naugatuck>

Parcels A & B have entered the Connecticut Voluntary Remediation Program (VRP) pursuant to CGS 22a-133x. The VRP requires the LEP to characterize the properties to prevailing standards and guidelines and to remediate the properties to the Remediation Standard Regulations (RSCA 22a- 133k-1 to -3).

Please contact Max Tanguay-Colucci at [mcolucci@nvcogct.org](mailto:mcolucci@nvcogct.org) or 203.757.0535 to schedule a time to review documents at the NVCOG office in Waterbury. Written comments may be submitted through Friday, February 9, 2018 via email, via U.S. Postal Service, or via hand delivery to Max Tanguay-Colucci ([mcolucci@nvcogct.org](mailto:mcolucci@nvcogct.org)), NVCOG, 49 Leavenworth Street, Third Floor, Waterbury, CT 06702.

The NVCOG is holding a public information meeting to present relevant documents and to gather public input regarding cleanup options. The public meeting is scheduled as follows:

Date: Thursday, January 25, 2018  
Time: 5:30pm  
Location: Naugatuck Town Hall, Hall of Burgesses  
229 Church Street  
Naugatuck, CT 06770
