Jon;

I have some daily data, but not for every year.

I will provide you what I have by the end of today.

Tim

Hi Tim,

I was wondering if you had any luck finding the daily fish count data at Kinneytown?

Any data you may have will be very helpful.

Oh my gosh Jon, I can't believe you email me this back on Tuesday already. I'm absolutely buried with work right now, but I will be working on your request to get it to you next week. I will be able to provide you daily counts (excel) for Kinneytown going back to the 2001 season. There were, however, a couple of seasons we missed due to equipment failure.

Please feel free to poke me again about this if you don't have it within a reasonable time period.

Best,  
Tim

Hi Tim,

I hope this email finds you well.

I have been assisting Bill on a report he has been writing about the Kinneytown Fishway flow rates and he was wondering if I knew of any spreadsheets containing Kinneytown daily fish count data for past years.

After doing some digging, I have come up short and wanted to ask you if you knew where I could find that data, or if it even exists?

Thanks for the help,  
Jon
