

NVCOG's Waste Crisis Storymap

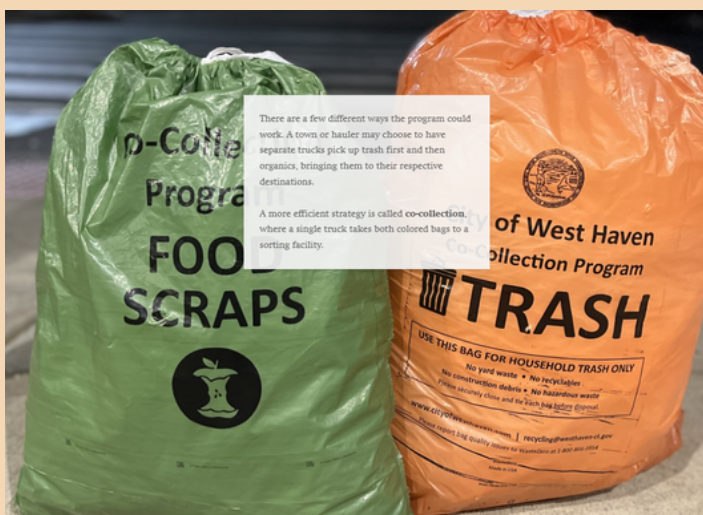

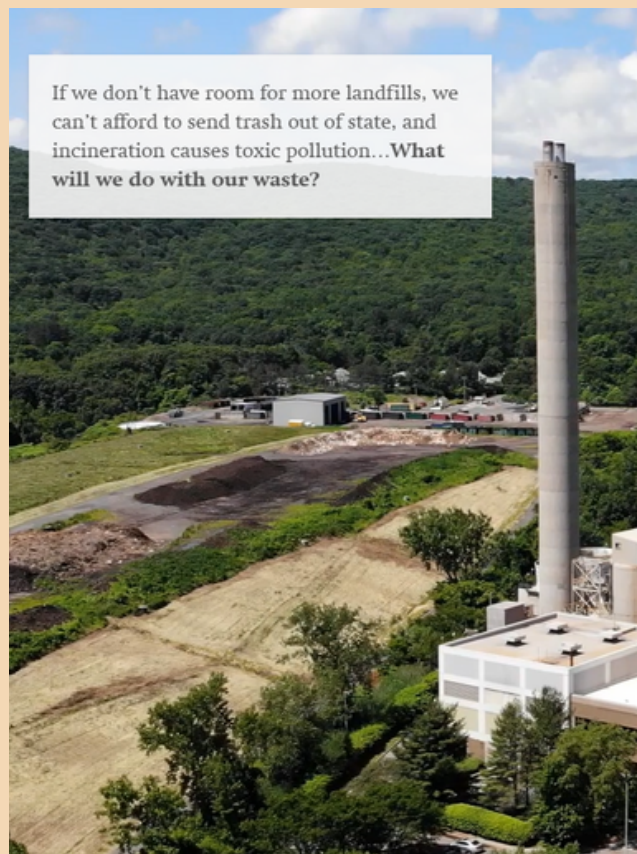

Engaging, visual storytelling that sheds light on Connecticut's waste crisis

What's a storymap?

A storymap is an online form of storytelling that combines text with maps, images, and videos. It is best viewed on a computer. This one should take about ten minutes to read start-to-finish, although tabs allow the user to skip to a given section.

What information does it cover?

- An explanation of the waste crisis
- Unit-based pricing of trash as a solution
- Organics/food scraps diversion as a solution
- CT DEEP's Sustainable Materials Management grant program
- NVCOG's other waste reduction efforts
- A timeline of waste management in Connecticut

Where & how do I share it?

Use the URL or the QR code below to share this storymap with anyone who could benefit from learning more about the waste crisis - municipal staff, business owners, local nonprofits, residents, etc. We also highly encourage you to share our social media posts directing users to the storymap. Follow us at @NVCOGct on Facebook and Twitter!
