COMING SOON:
TRASH REDUCTION PILOT PROGRAM

Woodbury

Starts Feb. 7, 2023

Too much trash, not enough room.
Woodbury has a sustainable, cost-effective solution to CT's waste crisis.
We need your help!

About the Program

Pick up your **free box** of **green** & **orange** trash bags at the Transfer Station the week of January 30.

How to Participate

Put food scraps in the **green bags.**
Put trash in the **orange bags.**
Keep recycling.

Why Food Scraps?

Your **food scraps** will be brought to an industrial composter, **saving money** on trash hauling AND creating **clean energy.**

Why This Program?

We have to do something to address the waste crisis & get ahead of rising costs.

Food scrap collection & **per-bag trash pricing** are 2 solutions proven to save money & reduce trash!
