

Thank You Middlebury

Your Trash Reduction Pilot is working!
Thank you for separating your food scraps!

With the holiday season upon us, we want to thank you for your efforts to reduce waste, celebrate the successes of the program, and share some tips to reduce food waste.

Way to go!

- Since July 1st, Middlebury has:
- Captured 1 out of every 4 pounds of food waste in the pilot area.
 - Collected 23,840 lbs of food scraps.
 - Reduced trash by 8% compared to this time last year.
 - Increased recycling 11% compared to this time last year.

Remember:

- Plan ahead; only cook what will actually be eaten.
- Remind guests to bring reusable containers to share leftovers.
- Use your green bags for all inedible food scraps.
- Save peels and bones to make broth!

Haven't received your free green and orange bags yet? Ask an attendant at the Transfer Station and help Middlebury **cut the trash in half!** Call 203-489-0351 with questions.
