Jeff Caggiano MOVED to adopt Resolution 2024-18; SECONDED by Ed Mone.

Kevin Ellis explained the four projects. The first is pavement rehabilitation along I-84 along Southbury/Middlebury. This will reduce the cost of federal funding, but the total project cost will not change. The second is replacement of traffic control signals in various locations in District 1. This will be funded with state dollars entirely, so it is being removed from the TIP. The third project is detection upgrades of various traffic signals within the Hartford Urban Area. This includes eight locations in Bristol that will receive upgrades with cameras and changing detection radar units. Lastly, detection upgrades of various traffic signals within the New Haven Urban Area, two locations in Cheshire will be receiving the upgrades.

Motion carried unanimously.
